

Sending Your Tithe through Zelle to the Alliance Evangelical Church

What is Zelle?

Send Money

Send money to family, friends or anyone you know. All you need is their email address or mobile number.

Repeating Payment

Set up repeating payments to stay on schedule. It'll go out automatically, so you don't have to worry about missing a payment.

Did you know?

QuickPay with Zelle works with most banks so you can send and receive money with virtually anyone you know in the U.S.

Fast, convenient payments

Send and receive money between you and virtually anyone—wherever they bank. Chase QuickPay® with Zelle® is now part of a person-to-person service that offers a similar experience across banks, so it makes paying someone faster and easier than ever. For a list of participating banks, go to zellepay.com/partners.

Secure transfers

Your account information stays protected—you won't see the other person's account info, and they won't see yours.

1. Log into your on-line account for your bank or financial institution
2. Navigate to the Payment/Transfer section
3. Click on the Zelle link
4. Initiate a Zelle payment
5. Designate the amount of your tithe
6. Input the email address VEC.AnaheimChurch@gmail.com in the email address field
7. Zelle will automatically associate that email address with the church bank account
8. Click Next or Send to complete the process
9. Your tithe will automatically be transferred from your account to the church account at Chase bank
10. If you have any questions, contact Jim Taraba at 714-328-3490 or at VEC.AnaheimChurch@gmail.com
